SIN 31-602: Flooring Recycling Programs: ReEntry® 2.0 Recycling Program

Interface’s ReEntry® program takes back carpet from a job site, regardless of the manufacturer, to divert it from a landfill. The old carpet is taken to LaGrange, GA where it is shredded, separating the backing from the yarn. Both the backing and the face fiber are recycled.

For Tile:

Interface offers reclamation of existing vinyl back, recyclable carpet tile and all other Interface brand products, with the purchase and installation of InterfaceFLORs’ products. If a collection trailer is required to be dropped at the job site, monthly rental fees may apply. The customer may incur additional charges if special freight arrangements are required for pickup, i.e. lift-gate, special truck size, city truck. See processing fees below.

For Broadloom:

InterfaceFLOR’s ReEntry® program will reclaim broadloom carpet and non-recyclable carpet tile from a job site, with the purchase and installation of InterfaceFLORs’ products. Interface will charge for transportation and processing fees. If a trailer is required to be dropped at a jobsite, a \$100/week or \$15/day rate may apply.

Cool Carpet: 100% of the products offered on the contract are Certified Cool Carpet.

InterfaceFLOR’s Cool Carpet is climate neutral. Climate neutral describes the Greenhouse Gas Status of the Product. This is the average quantity of greenhouse gas emissions associated with the entire life cycle of the product (from raw material extraction through end of life), a description of the greenhouse offsets used to make the product greenhouse gas neutral, and the name of the 3rd party organization certifying such offsets.
